

Mouse Anti-human Histidine-Rich Glycoprotein, clone #: A04-6A4 Monoclonal Antibody

Catalog Number: PT-mAb-A04-6A4

Quantity: 100ug

Concentration:

Specificity: Human

Immunogen: Human Histidine-Rich Glycoprotein

Isotype: IgG

Supplies As: Protein A purified; lyophilized

Storage: -20 °C

Applications and Suggested Dilutions*:

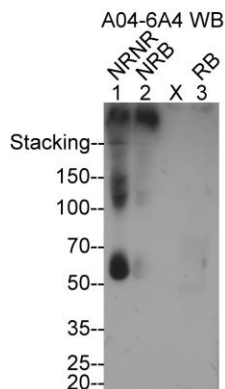

Western Blot: 2 µg/ml;
Immunohistochemistry: 2 µg/ml

*Specific dilutions and blocking conditions should be determined by the investigator.

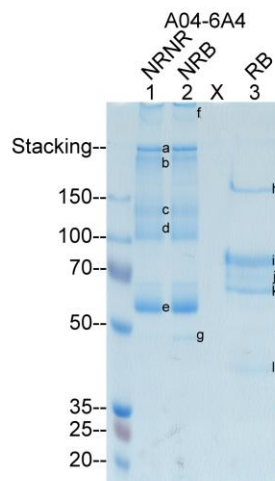

Reference:

Histidine-rich Glycoprotein, the mAb A04-6A4

A. WB, partially purified human plasma

B. Immunoaffinity purification

C. Target Verification by MS/MS

Protein Band Sliced	Protein Verified By MS/MS	Relative Abundance	UniProt Link
a	Histidine-rich glycoprotein	19.7%	P04196
b	Histidine-rich glycoprotein	33.5%	P04196
c	Histidine-rich glycoprotein	46.4%	P04196
d	Histidine-rich glycoprotein	49%	P04196
e	Histidine-rich glycoprotein	95.1%	P04196
f	Histidine-rich glycoprotein	10.6%	P04196
g	Histidine-rich glycoprotein	11.6%	P04196
h	Histidine-rich glycoprotein	44%	P04196
i	Histidine-rich glycoprotein	73.7%	P04196
j	Histidine-rich glycoprotein	52%	P04196
k	Histidine-rich glycoprotein	24.7%	P04196
l	Histidine-rich glycoprotein	90.2%	P04196
